

points in the specification and claims references to the Sequence Identification Numbers. In addition, two typographical errors are corrected in the specification, one typographical error is corrected in claim 34, and the amino acid sequences in three claims are corrected (note in particular the amendments to claims 8(g), 25(g) and 49(g)). The amendments find full support in the specification as filed and no new matter is added by the amendments. Entry of this Preliminary Amendment is respectfully requested.

A Petition and \$195.00 fee for a two-month extension of time for response is filed herewith. No additional fees are required at this time.

Applicants respectfully submit that the application is now complete and request that the application proceed promptly to examination.

Respectfully submitted,

Date: October 31, 1996
